Organic Weakness,

Immediately cured and full vigor restored.

This dreadful disease is the penalty most frequently paid by those who have become the victims of improper indulgencies. Young persons are too apt to commit excesses, not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of progreation is lost sooner by those failing into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, &c.

Dr. Johnston,
Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose lie has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the nost astonishing cures that were ever known. A Certain Disease.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to these who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their apperance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, dealness, nodes on the shin bones and arma, blotches on the head, face, and extremities, progressing with frightful rapidity, till, at last, the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending him to "that bourne from whence no traveller returns." To such, therefore. Dr. Johnston pledges himself to preserve the moss inviolable secrecy; and, from his extensive practice in the first hospitals in Europe and America, ac caconfidently recommend a safe and speedy cure to the unsfortunate victim of this horrid disease.

It is a melancholy fact that thousands fail victims to this dreadful complaint, owing to the unskintainess of ignorant pretenders, who, by the use of tandeadly poison, marcury, rain the constitution, and either send the unfortunate sufferer to an unimety grave, or else make the residue of life miserable.

Take Particular Notice.

Dr. J., addresses all those who have injured themselves by private and improper indulgences.

These are some of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, se.

This Syrup has been proved in thousands of cases to be an unequalled remedy for Scrofuls, Salt-Rheum, Microurial, Syphilitie or Venerael, and Eruptive diseases; for Jaundice, Erysipelas, Boils, Ulcers, Rheummatism, Gout, Cutaneous Affections, or Diseases of the Skin, as Blotches, Pimples, or Pusules, and all Itching Eruptions, &c. The design of this Syrup is to re-establish the healthy functions of the system, without producing any very sensible evacuation; not being intended to act particularly upon the bowels, but directly, and with the greatest effect, upon the Blood

I have tried every preparation used by modern Physicians, with the most distinguished and celebrated patent nostrums, now so highly extolled; as the various Pananceas, Sarsaparilla Syrups, Balsams, and Extracts; and, after repeated trials for years, in different forms of disease, I have found that this Syrup, beyond all comparison, far exceeds them all. In Chronic Inflammation of the Liver White Swelling, Necrosis, or Fever Seres, Eickets, Pistals, and King's Evil; in short, in every taint of the system or blood, from whatever cause it may arise, or however long standing, this medicine is tryl unsurpussed in fulfilling the indications for which it is given, which is generally to produce free perspiration; hence its great and precince article, and of the highest value in all cases for which it is given in the surfa

digestive organs, which produces costiveness, or a derangement of the bowels, and consequently the Piles.

Most of the remedies now in use for this dangerous and painful affection, are directed to be applied externally; they do not remove the cause of the complaint, and can therefore afford only temporary relief. Again, the disease is often beyond the reach o aid from external applications, an objection to which this remedy is not liable, it being taken internally. It is perfectly safe, pleasant to take, mild and easy in its operation, and affords immediate relief.

It is equally efficacious in curing both the Blind and Bleeding Piles. If the bowels are left costive after the use of this medicine, a little physic may be taken to regulate them. Having been trying the All Healing Ointment in some very bad cases of Piles, I hesitate not to assure the afflicted that it is a very valuable medicine, and an inestimable auxiliary to the Electuary. I consider it the best external application, I have ever known. The Electuary is an internal remedy, and the Ointment as an external application, used in commexion, I doubt not would be effectual in the most obstinate cases, and must surpass in all instances any other remedies for Piles to be found. DR. BROTHERS' NEUTRALIZING MIXTURE. For Diarrhaa, Choicra Morbus, and Sun Complaints of Children.

Complaints of Children.

This Medicine possesses the power, in a very remarkable manner, of neutralizing the acidity of the Stemach, or removing the morbid or acrid secretions of the Liver, which are the exciting causes of bowel complaints in general. It allays sickness of the stomach, removes the pain, causes healthy evacuations from the bowels, at the same time acts as a gentle astringent. Hence it will be found a very superior and valuable remedy, in both acute and chronic diseases of the bowels, in Diarrhea, Dysentery, Cholera Morbus, and Summer Complaints of Children. In all these complaints the liver is usually more or less affected, the stomach in an irritable, and the bowels in an inflamed condition. This medicine is mergeffectual in relieving all these organs, restoring the tome and natural functions. Among all the numerous remedies for these diseases, some of which are strongly recommended, this has proved itself, in every instance, to be the best, the surest, safest, and most effective of all. I do not think its equal can be found for children when teething, or as a remedy for bowel complaints. Price 50 cents.

Happily for suffering humanity, their practice is so manifestly injurious, that it is now gradually on the wane, and must in a few years sink into oblivion.

TESTIMONY FROM NORTH CAROLINA.

Certificate of Dr. W. Smith, of Pine Hill, Rich mond County, North Carolina.

PINE HILL, March 4, 1854.

Drar Sir: I have been a subject of Dyspepsia, in its worst form, for the last five years. Such was my condition for twelve months that the physicians and all who saw me said I must die. While in this condition, I was carried to the watering places in Virginia, Tennessee, and North Carolina, but was not benefited by any water to which I was taken. While on my way home, I stopped a week at Rutherfordton, a small village in North Carolina, to try the effect of some Chalybuate water in that place. About the last of the week I went into a drug store to get some medicine for my child and myself. There were several of the village physicians in the store, and one of them seemed to take some interest in my case, and, after asking me some questions, said he had been a dyspeptic, and had been greatly benefited by the use of "Hooffand's German Bitters," prepared by yeu, and he insisted that I would try the Bitters. He also called the next day at my room, and insisted so much that I would try them that I asked him to get me one bottle. He did it, and I commenced taking it as directed, and I was more benefited by it than all the water and medicine I had ever taken.

After reaching home, one of my neighbors came to me for a prescription and medicine, (he a dyspeptic, and I gave him nearly all the Bitters I had left, which effected much good in his case. He has often called on me for more of the same kind of medicine, saying he was more benefited by it than any other he had taken, but I have not been able to get any more for him or myself since. Will you, therefore, please ship me a dozen or more as soon as possible.

Respectfully, yours,

Dr. C. M. Jackson, Philadelphia.

Dr. C. M. Backson, Philadelphia.

D. R. Hooker, Roger's Store, Wake county, North Carolina, October 24, 1858, says:

"Having experienced very great benefit from the use of Hoofland's German Bitters, in Chronic Dysentery and Functional Derangement of the Liver, and its concomitant evils, I am desirous of obtaining a quantity of it for the benefit of my community. You will, therefore, please send a lot, &c."
